The screenshot shows the "Arizona Office of Administrative Hearings Decision Search" page in a Windows Internet Explorer browser. The browser's address bar shows the URL "https://portal.azoah.com/search1400/". The page features the state seal of Arizona at the top center. Below the seal, the text "Arizona Office of Administrative Hearings Decision Search" is displayed. The search interface includes several input fields and dropdown menus: "Matter ID:" with a text box and a red warning note below it; "Judge:" with a dropdown menu; "Agency:" with a dropdown menu; "Date range (use month/day/year format, or leave blank for all dates):" with "From:" and "To:" text boxes; "Matter description:" with a text box; "Full-text search:" with a text box and a "Boolean" dropdown menu; "Sort by:" with a dropdown menu set to "Date"; and "Results per page:" with a dropdown menu set to "10". At the bottom of the search area are "Search" and "Clear" buttons. On the right side of the page, there is a "Search By:" section with a list of search criteria: "case number", "Judge", "agency", "date range", "party", and "text". Lines connect these labels to their corresponding search fields. At the bottom left, "sort method" points to the "Sort by:" dropdown. At the bottom right, "no. of results per page" points to the "Results per page:" dropdown. The browser's status bar at the bottom right shows the time "8:29 AM".
