Subject:

To whom it may concern,

As a property and business owner in the littlefield area, I am 100% against anyone from outside our area taking a drop of our precious water. I don't see how this deal benefits anybody but a select few but it will hurt many who rely on that water for survival and growth. If my vote counts for anything--It is a definite no. I hope you will side with your fellow Arizonians.

Thank You,
John Salter
